DETAILED ACTION

Current Status

1. This action is responsive to Applicants' amendment of 17 January 2006.
2. Receipt and entry of Applicants' amendment is acknowledged.
3. Claims 3 and 4 are under active consideration in the instant application.

Allowed Claims

Claims 3 and 4 are allowable over the prior art of record.

Reason For Allowance

The following is an examiner's statement of reasons for allowance:

Applicants claim compounds of transition metals with azo ligands of general formula 1, wherein all the variables are as defined in the claims. These compounds were neither found to be obvious nor anticipated by the prior art of record.

formula 1

Applicants have amended the claims to overcome the 102 rejections.

A search of the prior art failed to uncover any reference that teaches or motivates one of ordinary skill to disclose compounds of transition metals with azo ligands of general formula 1 as claimed by applicants.

All claims (3 and 4) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
